Apparently they're starting to hear popping sounds like it happened on the first one so they're guessing 0300

Attached is the latest version of the
ASPECT "living" summary report. It will be the
final report for today.

Key additions include (1) infrared images, (2)
additional spectra for benzoyl peroxide, (3)
new/updated operational challenges, (4) current
ASPECT team and aircrew members.

Please send any questions or comments on the
report to John Cardarelli.

Please address all questions about ASPECT
activities to Mark Thomas.

Subject: 31 Aug 2017 -- ASPECT update 15 -- 1555

Refueling ops have been completed. The crew was able to push a large amount of data up to the server. We are working the data at this time. We are returning to the Arkema site ASAP.

The team is just about to start full resolution processing of the most recent data. I will send out products as soon as possible.
